Wildlife & Domestic Animal Monitoring Log

PSR Optional Record **FSMA PSR Reference § 112.81** **Frequency: As necessary**

The Produce Safety Rule (PSR) requires that farms covered by the rule assess areas where covered activities (such as packing, harvesting, and holding) occur for evidence of potential contamination of covered produce (from working animals, wildlife, and domesticated animals).

Farm Name & Address: **Month and Year:**

Date	Field or Location	Activity or intrusion Observed?	Corrective Action Taken	Date of Corrective Action	Initials
